

Name of applicant: [Last, First, Middle, Degree]

Assurances and Certifications for Research Involving Human Subjects and/or Vertebrate Animals

The applicant's institution has the primary responsibility for protecting the rights and welfare of human subjects and for ensuring the humane care and use of all animals in any research activity supported by the National Hemophilia Foundation, and of informing the Foundation of all relevant assurances and certifications. If an award is made as a result of this application, it is the responsibility of the grant award recipient and the Institution to inform the Foundation within a reasonable time of any change in the research protocol.

By virtue of the signature on this application of an official authorized to sign for the Institution, the Institution is declaring that all applicable Federal, State, and Local regulations will be followed during the tenure of a grant awarded as a result of this application.

Consequently, this form must be completed and submitted with any application to the Foundation for the support of research. In addition, a copy of the approval letters signed by the chairperson of the Institutional Review Board (IRB) and/or the Institutional Animal Care and Use Committee (IACUC), as appropriate, must accompany this application. **No funds will be disbursed for any award until these materials have been received, reviewed, and approved by the Foundation.**

1. Human subjects or material [] will [] will not be used in this project.

If human subjects or materials will be used in this project, the following section must be completed.

a. The research project is exempt from IRB review. Provide reason:

b. The research proposal has been submitted to the IRB for review and approval:

[] is pending

[] was granted on ___/___/___ IRB approval number _____

If the IRB review is pending, approval must be obtained and documented prior to funding.

c. The "Assurance of Compliance" number issued to the applicant's institution by the Federal Office of Protection from Research Risks: _____

2. Vertebrate animals [] will [] will not be used in this project.

a. The research proposal has been submitted to the IACUC for review and approval:

[] is pending

[] was granted on ___/___/___ IACUC approval number _____

If the IACUC review is pending, approval must be obtained and documented prior to funding.

b. The "Assurance of Compliance" number issued to the applicant's institution by the Federal Office of Protection from Research Risks: _____
